ISCA is pleased to partner Singapore Accountancy Commission (SAC) for the Accountancy Future Leaders Programme, a six-month programme which aims to develop talented individuals of accounting firms (in particular the SMPs), in leadership capabilities which are essential for succession planning and growth of the firms. The programme consists of four core components:- E-learning, 3-day workshop, project work with coaching and leadership talks. We are delighted to celebrate the milestones and achievements of our participants. Thank you to those who participated in this inaugural programme and provided us with positive and encouraging feedback. Do keep a lookout on our next 2021 AFLP session in August / September 2021!
